For private-cart users opening a course as a guest.

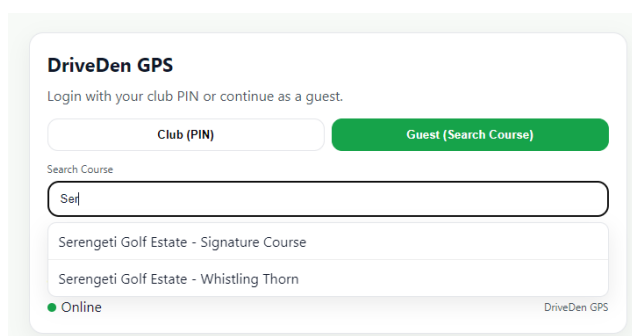

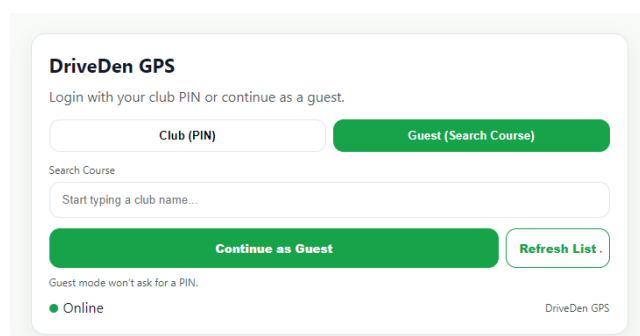

01 / GET STARTED

Open your course

Use Guest (Search Course) to select the course you want to play.

Connect before your first visit

Connect the device to Wi-Fi or a hotspot when viewing or downloading a course for the first time.

1

Select Guest (Search Course)

Choose the Guest option rather than Club (PIN).

2

Search for your course

Start typing the course name in the search field.

3

Select the course

Tap the matching course in the search results.

4

Continue as Guest

Tap Continue as Guest to open the GPS.

Next: choose a view using the icons at the bottom left of the GPS screen.

02 / ON THE COURSE

Choose your view

The view icons are at the bottom left of the GPS screen.

1

Arrow | Down the fairway

Shows a view looking down the fairway.

2

Green with flag | Hole overview

Shows a static view of the hole. Your cart's live location remains visible as it moves between the tee and green.

3

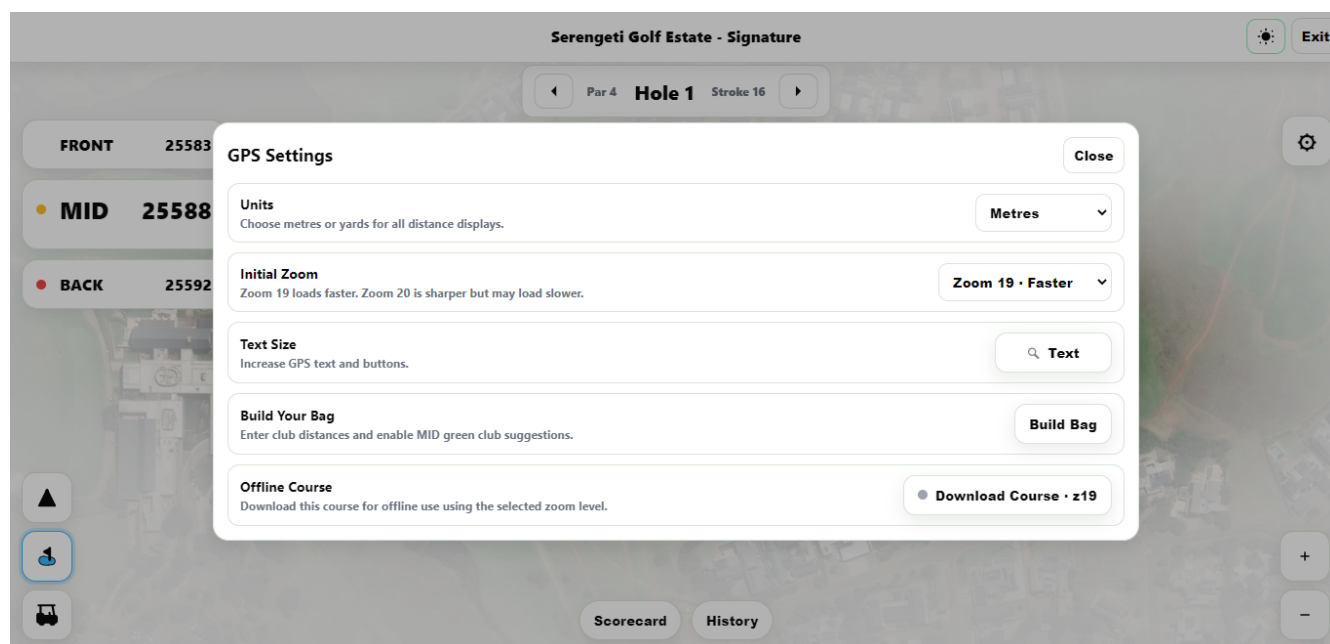

Cart | Dynamic zoom

Keeps the cart and green in frame. As you approach the green, the view zooms in. As you move away, it zooms out.

03 / MAKE IT YOURS

Settings & offline play

Open Settings using the gear icon at the top right of the GPS screen.

Units

Choose metres or yards.

Initial Zoom

Choose z19 or z20, depending on which looks best for the course. Select the zoom before downloading.

Text Size

Increase the GPS text size to make details easier to read when you are away from the cart.

Build Your Bag

Enter your club distances and select the tick-box to enable club recommendations based on your distances.

Download once your zoom is selected

Use Offline Course to download the course. Wait for the download to finish and the status to show Available Offline before playing offline.
